

January 30, 2021

*To our stakeholders*

*We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.*

*We are late in creating, sharing and posting our COP report due to a surge of activities that started towards the end of 2020 that led us to make changes in our corporate structure, along with the integration of new staff and consultants.*

*We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.*

*Our new COP report will be posted on the UN Global Compact website by 30 April 2021 at the latest.*

*Sincerely yours,*

**Hervé ZANY**  
Président
