To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Our company is in the midst of conducting our first formal sustainability materiality analysis since we were established as Clarios. As part of this evaluation, we are also strengthening our sustainability disclosure and governance processes. We hereby ask for an extension period in order to be able to post a COP that fully describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 14, 2021 at the latest.

Sincerely yours,

Elizabeth Tate  
Director, Public Policy & Global Sustainability
