

HEALTH & SAFETY POLICY

At Environmental Solutions (Asia) Pte Ltd, the Health & Safety of our employees are of the utmost importance. We remain fully committed to our safety management and in understanding the imperativeness of educating our employees with training techniques and operations manuals to minimise the risks incurred on Health & Safety.

Management Responsibilities:

To track and maintain safety records in the operations of the company by the following:

- Create a safe working environment
- Maintain a process of safety management over operations systems
- Instruct and supervise workers on safety measures and the risk on health
- Ensure effective communication between workers in all matters regarding Health & Safety

Employee Responsibilities:

Each employee is obliged to adhere to the following:

- Comply with safety regulations to avoid injuring oneself and others
- Wear personal protective equipment and clothing when required
- Report all accidents on the job immediately
- Report all known and potential hazards to management
- Take precautionary measure to ensure the safety of oneself and others

The Application of the Health & Safety policy applies to all of our business operations and functions. This is inclusive of situations whereby personnel are posted to work off-site. We seek the full cooperation of all working personnel to create and achieve a safe work environment.
