To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Due to an unforeseen delay in the availability of certain internal reviewers, we do not anticipate meeting the deadline for posting our COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. We expect our new COP report will be posted on the UN Global Compact website by March 15 and no later than May 26.

Sincerely yours,

Jeffrey Zack
