United Nations Global Compact

Dear Sir/Madam,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP). I am writing to request additional time to submit our latest COP that is due on 12 March 2021. The cause for delay in submission is associated with challenges with the team working remotely due to the pandemic and enhancements to improve the quality of the report and efforts to align with the Sustainability Accounting Standards Boards (SASB) indicators.

We are proud to have been an honorable participant with the UNGC for the past seventeen years and remain highly committed to its principles.

Please accept our sincere apologies for requesting an extension. We expect to be in a position to post our new COP report on the UN Global Compact website no later than May 31, 2021. Please do not hesitate to contact us should you have any further questions

Sincerely,

Balan Shanmuganathan  
Senior Director Sustainability
