**Subject: Statement of Airbus CEO expressing continued support for the Global Compact and renewing the company's ongoing commitment to the initiative and its principles.**

Dear Mr. Secretary-General,

Airbus is signatory to the UN Global Compact since 2003. Today, in these very difficult and challenging times, the Ten Principles continue to be relevant to us, therefore, I am pleased to confirm Airbus' support to them again this year.

With this commitment, we express our intent to continue taking steps to design and implement effective programmes to integrate the UN Global Compact Principles in the areas of Human Rights, Labour, Environment and Anti-corruption across the company. We are committed to making these Principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Airbus will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and Airbus' Universal Registration Document 2019 and subsequently 2020 when published, describes our actions and efforts to continually improve the integration of the Ten Principles into our business. We also commit to sharing this information with our stakeholders.

Yours sincerely,

Guillaume Faury
