Dear Mr. Secretary-General:

We are pleased to confirm that the Project Management Institute (PMI) supports the UN Global Compact's Ten Principles concerning anti-corruption, labor, human rights, and the environment.

With this commitment, PMI expresses our intent to support the UN Global Compact and advance its Ten Principles and 17 Sustainable Development Goals. We will make a clear statement of our UNGC obligation to our international and national stakeholders and the public.

We pledge to participate and engage with the UN Global Compact in the following manner:

- Supporting the UN Global Compact by sponsoring events, participating in speaking engagements, and providing content that supports the Ten Principles and 17 Sustainable Development Goals of the UNGC.
- Raise awareness of the UNGC to our global chapters and volunteer community through our live and virtual events, global brand campaigns, partnerships, product offerings and thought leadership.
- Engage young leaders and drive sustainability innovations by supporting and participating in UNGC initiatives such as Young SDG Innovator Program.
- Support the UNGC by generating awareness and gather a diverse group of like-minded organizations (for and/or not-for-profit) to develop projects and programs aimed at delivering a societal, social, or sustainability related impact.
- PMI's DE&I Program is aligned with the Ten Principles and 17 SDGs. We will continue to develop programming and projects enabling our stakeholders to always strive for inclusion and honor the diversity that enriches our global community.
- Implement a global campaign to contribute more than 200,000 hours of service by PMI volunteers and stakeholders in support of the UNGC's 17 Sustainable Development Goals by the year 2025.

- Align PMI policies with the UNGC's Ten Principles and 17 Sustainable Development Goals, including prioritizing diversity, equity, and inclusion within programs, policies, and PMI's Code of Ethics and Chapter Bylaws.

PMI recognizes that a critical requirement for participation in the UN Global Compact is the submission of a Communication of Engagement (COE) that describes our organization's efforts to support implementing the Ten Principles and engaging with the Global Compact.

We support transparency, as well as public accountability, and commit to reporting on any progress within two years of joining the UN Global Compact and every two years after that according to the UN Global Compact COE policy.

Sincerely yours,
