To our stakeholders:

GRACE LETTER

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Through this letter we would like to confirm our commitment of our support of the ten principles of the Global Compact, and the main reason of the the grace letter is because we are going to close the impact metrics every half of the year, so by this point we will be abble to informm share and post our COP report with the complete programs and impact we have been doing to support the 10 principles.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress of implementing the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by june 12, 2021 at the latest.

Sincerely yours,

Ms. Ingrid P. Alonso Salas
