

CONSULTORIA  
ENGENHARIA  
GERENCIAMENTO

Curitiba, March 19<sup>th</sup>, 2021.

To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the evolution of the COVID-19 Pandemic. We are having difficulties in consolidating the data to compose the report due to lack of available workforce and access to physical information (documents), a situation further compromised by the lockdown scenario decreed by Curitiba's City Hall (municipal decree no. 565/2021).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 19<sup>th</sup> 2021at the latest.

Sincerely yours,

Rômulo S. Lisboa  
Director of Development and Quality  
STCP Engenharia de Projetos Ltda
