**RE: Statement of Continued Support for the Global Compact**

Dear Sir/Madam:

I hereby confirm our continued participation and support to the Global Compact initiatives, as Yeti Airlines continues to adopt Global Compact principles deeply intertwined with its daily operations.

Thank you.

Sincerely,

Anoj Rimal  
CEO

## Communication on Progress (COP)

**March 20, 2021**

Yeti Airlines is pleased to confirm its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment, and Anti-Corruption. We have strict guidelines as well as measurement of outcomes in place. In our 2020/21 Corporate Sustainability Report below, we describe our actions to continually improve the integration of the Global Compact and its principles into our business, strategy, culture, and daily operations. We also commit to share this information with our stakeholders using our primary channels of communication.

---

## About Yeti Airlines

Yeti Airlines Pvt. Ltd. is an airline based in Kathmandu, Nepal. The airline was established in May 1998 and received its Air Operators Certificate on 17 August 1998. Since 2019, Yeti Airlines is the first carbon neutral airline in Nepal and South Asia. It is the parent company of Tara Air. As of 2018, Yeti Airlines was the second largest domestic carrier in Nepal, after Buddha Air, with a market share of 23.5%.

Everest Cleanup Campaign:  
Airlifted 58.29 tons of waste  
from the Everest Region and the  
campaign continues

Successfully converted 3 Fuel Vehicles  
to Electric Vehicles till date with  
a gradual conversion  
for the remaining

On 15th November 2019,  
replaced plastic cups  
with biodegradable  
paper cups on board

# YETI AIRLINES FOR CLIMATE ACTION

On 2nd May 2019,  
we achieved to be the  
**1ST CARBON NEUTRAL AIRLINE**  
IN SOUTH ASIA for 2018

13 CLIMATE  
ACTION

Nepal's 1st Carbon Neutral Airlines

# OUR JOURNEY TO CARBON NEUTRALITY

## YETI AIRLINES' JOURNEY TO CARBON NEUTRALITY

### MEASURE

Using GHG inventory tool, the calculated carbon emission was 19,665 tonnes of CO<sub>2</sub>e. Our aircraft operations were responsible for nearly 19,648 tonnes of CO<sub>2</sub>e emissions, with our vehicle and facility operations producing only 17 tonnes of CO<sub>2</sub>e.

### OUR MAIN EMISSION SOURCES

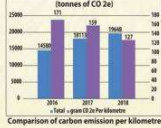

TOTAL FOOTPRINT IN 2018  
19,665 tonnes CO<sub>2</sub>e  
100% aircraft operations  
325,163 TREES  
100% offset over 10 years

### REDUCE

From 2017, we reduced our emissions through fleet upgrades and reduced fuel use. In future, we will initiate to reduce emissions from our main source of emissions, i.e. aircraft operations and build private-public partnerships to make greater impact together as per the Government of Nepal in the 2013 Action Plan on CO<sub>2</sub> Emission Reduction.

### OUR STRATEGY FOR REDUCING EMISSIONS

### OFFSET

We have embarked journey of carbon neutrality by purchasing certified emission reduction equivalent to 2018 emission through UNFCCC Carbon Neutral Now platform.

As an airline industry highly depend on fossil fuels, we seek to offset any unavoidable emissions through feasible technological replacements and carefully selected projects from credible and certified sources.

### REPORT

Based on the baseline set by GHG inventory, we ensure transparent and detailed reporting, inform strategic and technical decision-making, and raise emission since 2018 and in the years to come to contribute further to achieve broader sustainable development goals.

# YETI AIRLINES FOR GENDER EQUALITY

Marked "16 Days of Activism against GBV" on 16th November 2018 by flying an all-women crew aircraft
