GRACE LETTER

MARCH 25th 2021

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report owing to issues arising from the global pandemic which has created particular hurdles in data gathering and auditing across our various units. Therefore it would provide an opportunity to align our data submission with internal data reporting and therefore offer more comprehensive and accurate information.

We hereby request an extension period in order to be able to post a COP that accurately encapsulates our company's efforts and progress on the implementation on the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 9th 2021 if not sooner.

Sincerely yours,

Ms. Syeda Faiza Jamil
Corporate Responsibility & Communications Manager
