

18 March 2021

To Our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to issues primarily related to the establishment of our new CSR department, which is very new in its CSR initiatives and the work is not up to mark for us to document a COP. However we at Chottani Industries in our CSR practices have signed up a memorandum of understanding with WWF on various initiatives like mangrove plantation and conservation of bio diversity, Indus blind dolphin conservation programs, common leopard conservation project, snow leopard conservation projects, improving livelihoods of fisher communities of central Indus wet lands complex, conservation of Chilgoza forests, sustainable cotton production in Pakistan, sustainable cotton initiative programs in Pakistan , WWF educational programs designed for our adopted school for under privileged children at TCF Pakistan , health and safety training for our employees at Chottani Industries , installation of solar panels and Green certifications at our new factory . We are also working on documenting all these projects and sending it to our buyers at all our Trade shows.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [26 June 90 days from COP deadline] at the latest.

Sincerely yours,

Aamir Chottani

Director

CHOTTANI INDUSTRIES.
