To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late to create, share and publish our cop report because, due to the effects of the pandemic, our customers have multiplied their use of our software, which has generated us a great workload that we had not anticipated. In addition to this, our normal operation has been completely virtualized. These two factors have delayed us from completing our COP report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [enter date here, max. 90 days from COP deadline] at the latest.

Sincerely yours,

Mr. Luis B. Chicaiza
CEO – Dexon Software
