Dear Mr. ANTÓNIO GUTERRES,

I am pleased to confirm that **ENTERTAINMENT SOLUTIONS** supports the ten principles of the Global Compact on human rights, labor, environment, and anti-corruption. With this philosophy, **ES** has doubled its global business with a sustainable cost of structure growth since the last four years, thanks to the successful deployment of the FY2018 defined branding: ZAFIRO TV, ZAFIRO Cast and ZAFIRO WiFi,

Pandemic global COVID-19 has also foster ES Team to further develop **ZAFIRO Mobile** and Cloud migration to support Hospitality Sector, and a group of volunteers also developed **SolidaryOS**, a digital platform to support isolated people during mobility restrictions. The code was starting from scratch and ready in record time, available for organizations like Red Cross, Pharma or Food Sectors, to reach as maximum people as possible. This is ES contribution to **Digitalization, the 7th Commitment** raised in the 75 Anniversary UN Reports.

With this communication, we express our intent to continue our commitment and further implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **ENTERTAINMENT SOLUTIONS** is a zero-tolerance of corruption company. **ES** makes a clear statement.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles and support any specialized UN Global Compact issue platform that our company may join later. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labor, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Miguel Mora  
Sole Director
