Dear Mr. Secretary-General,

Veritas Technologies is a global leader in data protection and availability. Over 80,000 customers—including 87 percent of the Fortune Global 500—rely on us to abstract IT complexity and simplify data management.

As a leading data management solutions company, Veritas is committed to ethical and responsible global corporate citizenship, promoting a talented, diverse, and inclusive workforce, engaging in sound environmental practices, and investing in positive social impact around the globe.

As part of this commitment, I am pleased to confirm that Veritas supports the ten principles of the UN Global Compact, with respect to human rights, labor, environment, and anticorruption. And Veritas expresses its intent to advance those principles within our company. We are committed to making the UN Global Compact and its principles part of our operations and engaging and collaborating with our suppliers, vendors, and partners to advance these principles. Our Code of Conduct, Global Anti-Corruption policy, and Environmental Responsibility policy are all examples of our commitment to the UN Global Compact principles.

Veritas is proud to support the UN Global Compact and its ten principles.

Sincerely,

Greg Hughes

Chief Executive Officer, Veritas Technologies
