

6/4/2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a key worker, which is on maternity leave until 11/4/2021. DHVMED believes in maintaining the responsibilities of our woman employees that go on maternity leaves, such that they would feel they can go on their vacation while assuring that they will maintain their position, roles and responsibilities.

For that reason, we've seen your request too late. Hence, we hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 1st at the latest.

Sincerely yours,

Mr. Hagai Kotzer
