Eneco statement expressing continued support of the UN Global Compact Principles

Dear Mr. Secretary-General,

I am pleased to confirm that Eneco continues to support the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement these principles. We are committed to making the UN Global Compact and its principles part of our company's strategy, culture and day-to-day operations, and to engaging in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Eneco will make a clear statement of this commitment to its stakeholders and the general public.

We recognise that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We are pleased to present our integrated annual report: <https://yearreport2020.eneco.com/>, in which we report on our progress on the most relevant SDGs and the Ten Principles. For the sake of readability, a UNGC index has also been added to our integrated annual report.

Yours sincerely,
