

13 April 2021

**To our stakeholders:**

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report because we have had high intensity activity on our projects, with some of them coming to conclusion. We have also been demobilising our personnel, and due to Covid-19 and its related travel restriction, it had taken up a lot of our time.

We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 22 July 2021 at the latest.

Sincerely yours,

Mr. Max Dyck

CEO

Dyck Advisory Group.
