Our commitment to the UN Global Compact

Dear Mr. Secretary-General,

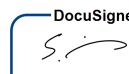

I am pleased to confirm that BioNTech SE continues to support the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption.

With this communication, we renew our intention to implement these principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. We clearly express this commitment to our stakeholders and the public on our website, in our Sustainability Report 2020, and in our formal and personal communication.

We recognize that an essential requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) describing our company's efforts to implement the Ten Principles. We support public accountability and transparency and fulfill our reporting obligation as part of our Sustainability Report 2020.

Sincerely yours,
