To Whom It May Concern:

Ocesa has been adhered to the United Nations Global Compact Network since 2013 and has consistently renewed its commitment to the principles it promotes. Consequently, we are now in the process of elaborating our Ocesa Sustainability Report for 2020, which will include the corresponding Communication of Progress (CoP).

Regarding your e-mail of march 21th, 2021, we kindly request an extension on the deadline of the aforementioned CoP for 90 days. This given that at the present time, with the purpose of maintaining legitimacy and transparency throughout the process, the team in charge of elaborating the report is gathering the information of our stakeholders.

We appreciate your understanding.

Yours sincerely,
