April 14, 2021

To: Oando PLC Stakeholders

## **Request for an Extension (Grace Period) of the Submission Date of Oando PLC's Communication on Progress for the year 2019**

Oando PLC (the "Company") recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a Chief Executive Officer (CEO) statement expressing continued support for the United Nations Global Compact ("UNGC"), a description of practical actions with regard to the principles of the UNGC, and a measurement of outcomes or expected outcomes.

The Company is behind schedule on creating, and sharing, its COP for the year 2019, due to the COVID 19 pandemic, the resulting lockdown measures in Nigeria, and delays in finalizing the Company's financial statements. The foregoing have hampered our work processes, and delayed the collation of data, the completion of the Value Added Statement, and the drafting and submission of the Company's COP.

The Company hereby requests for an extension period to enable it complete and circulate a COP that describes its efforts and progress to implement the principles of the UNGC. The Company's new COP report should be posted on the UNGC website before the end of August 2021.

Yours faithfully,

Ayotola Jagun  
Chief Compliance Officer & Company Secretary.
