To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Our annual sustainability reporting cycle to align with a financial versus a calendar year. SoftBank will now publish its report at the end of September. To enable us to align our UNGC COP, sustainability reporting, and corporation reporting, we request a change in our annual COP date to 31st of October each year.

We hereby ask for an adjustment to our deadline in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31st of October at the latest.

Sincerely,

Ms. Nana Kusafake
