

Paris, 27 April 2021,

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the current pandemic situation. Also a major critical project involving the team in charge of COP has prevented us from updating thoroughly our report. It is our intention to provide a relevant and comprehensive information but unfortunately, we are unable to meet the 27 April 2021 deadline.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 1st July 2021 at the latest.

Sincerely yours,

Florence Préault
