AIRTEL DRC

-

PR & CSR ACTIVITIES
YEAR 2020 - 2021

Ladies and gentlemen,

It is with great pleasure that on behalf of Airtel RDC SA, we present to you, without drawing up an exhaustive list, the actions that we have carried out over the past year and which meet the objectives of our UN Network. GLOBAL COMPACT, this organizational framework in which our societal investment is brought together and updated.

Long before, we would like to thank and congratulate all the members of this network with whom we are committed, each in their respective sector, to contribute to the achievement of the United Nations Sustainable Development Goals for our communities and to contribute to the improvement. of governance in our country.

While the year 2020 offered an alarming socio-health context for all citizens of the world, Airtel RDC has been able to draw on its intrinsic values, which are SOLIDARITY, DYNAMISM and RESPECT, the energy necessary to give hope, ensure the future and strengthen ties with communities.

Thus, in 2020, the spontaneous generosity of our employees, the support of social partners and the charisma of our brand have positioned the Airtel Network as a catalyst for sustainable development in the fields of health, education, social and social, environment.

By way of illustration and therefore not exhaustive, we have carried out the following actions in the context of Health, in partnership with the Ministry of Health: raising awareness against COVID and promoting barrier gestures through SMS, support in implementing in place of a Call Center, ringtones on hold (RBT), awareness capsules, etc.

At the same time, a partnership with ANICIIS has made it possible to computerize hospitals in charge of COVID19 patients.

in addition, large batches of masks were donated to the Ministry of Primary, Secondary and Technical Education on the sidelines of resuming courses and state exams after confinement. The National Solidarity Fund against COVID19 was not to be outdone. He was also supplied with masks thanks to our donations.

In the field of education, the partnership between AIRTEL and Schoolap has enabled students, in a general context of confinement, to continue their learning by accessing the national program curriculum remotely via a special tablet. The first Congolese tablet.

On the community development chapter, our partnership with the Foundation of the First Lady Mrs. Denise Nyakeru Tshisekedi has made it possible to carry out several actions, some of which are: Donations of food and other basic necessities to vulnerable people; Financial support for the production units of vulnerable women; Renovations of three orphanages in Beni and payment of bills for elderly patients at Nyakunde hospital in Ituri;

On the sidelines of International Women's Day, the women of Airtel, grouped under the name of AIRTEL DIVAS, organized a series of activities with their own background. These are Visits to Orphanages, support provided to hospitals with material and blood donation, payment of hospital bills to allow women to return to their homes, etc.

And finally, the major concern of any responsible company being to protect the environment in which it operates, Airtel has focused its action on sanitation. This is how disinfection, decontamination and rat control activities in the homes of the elderly were carried out

In 2021 and to conclude, Airtel RDC intends to reaffirm its commitment to the local communities in which its network operates in order to improve their daily lives and transform their lives while giving them a smile.

Thierry DIASONAMA

Managing Director

CSR Activities

1. Partnership with Health Ministry
 - a. SMS, Call Center, RBT, awareness capsules against COVID/ANICIiS
 - b. Partnership with ANICIIS: Computerization of hospitals in charge of diseases of COVID19
2. Partnership with First Lady Foundation, Nyakeru Tshisekedi Denise Foundation
 - a. Donations of food and other to the vulnerable
 - b. food rebates, non-food supplies - renovations in three orphanages in Beni & payment bills of patients of 3rd age Nyakunde Hospital
 - c. Strengthening capital from small structures for vulnerable women
 - d. Activities of disinfection, decontamination, deratization of the homes of the elderly
 - e. Donations of masks to the Ministry of EPST for the upcoming resumption of courses and state exams
3. Donation to the National Solidarity Fund Against COVID19
4. AIRTELEDUC / Schoolap program
 1. Presentation of the 1st Congolese tablet to the President's Deputies and content for schools
 2. Presentation of the AirtelEduc Solution to the Minister of Higher Education - University, educational platform for universities.

CSR Activities

5. Airtel Employee actions

a. A diploma to one of us

b. For Women's Month, the women of Airtel under the AIRTEL DIVAS grouping organized a series of activities with their own funds:

- KINSHASA: Visit to the AMIBAND Orphanage in the town of Kimbaseke
- KINSHASA: Blood drive and donation at the KINTAMBO maternity hospital
- BAS CONGO: Airtel supports the Kianvu referral hospital by paying the bills of women who have been in the maternity ward for a long time. Thanks to Airtel, these women will finally be able to find their way home.
- BAS CONGO: Visit by the Airtel team to the General Reference Hospital, led by ROD Emerence and Rahul with payment of bills for the release of patients unable to pay their bills

2.c. FDNT :

Strengthening capital from small structures for vulnerable women

- As Covid 19 dealt a blow to local trade, the empowerment of women street vendors was identified as one of the priorities of the 1st Lady's vision.
- As community development is one of the pillars of Airtel's CSR actions, the Airtel partnership and the 1st Lady's Foundation have therefore focused on women street bread sellers as well as artisan bakeries.
- This action affected 2,500 street vendors of breads, 7,500 households and more than 50 artisan bakeries run by Congolese who saw their turnover increase by 30% in Kinshasa.
- This campaign was also done in the provinces.

Donations of masks to the Ministry of EPST for the upcoming reopening of schools

- As part of our partnership with the Denise Nyakeru Tshisekedi Foundation, on July 16, 20, the First Lady handed over 100,000 reusable masks certified by the Ministry of Health to the Minister of Secondary and Technical Primary Education Willy BAKONGA Wilima,
- in order to support the upcoming resumption of classes and the organization of the State Examination.
- The production of these masks was made by 208 people, each representing 208 families behind them. These include:
 - seamstresses from the Mother Widows and Daughters Coaching Centre,
 - disabled people,
 - military wives and daughters,
 - ISAM students.

4. AIRTEL EDUC

4.a. AIRTELEDUC / Schoolap – First laptop presentation to authorities

- Airtel, in partnership with SCHOOLAP, presented on July 11, 20, the FIRST TABLETTE CONGOLESE;

This tablet contains the entire SCHOOLAP teaching platform approved by the Ministry of Higher and Professional Primary Education.

SCHOOLAP tablets are not locked on AIRTEL, but only with Airtel is access to the teaching platform free.

The ceremony took place in the presence of the Special Adviser of the Head of State in charge of digital, Mr. Dominique Migisha and the Deputy Spokesperson of the Head of State, Mrs Tina Salama.

AIRTELEDUC / Schoolap – First laptop presentation to authorities

4.b. AIRTELEDUC / Schoolap – Solution for University

- In order to support the Congolese Government, Airtel has committed itself, in partnership with CEDESURK and INFOSET, to technological and sustainable solutions in academia;
- The solution put in place in the test phase at the UNIVERSITY PROTESTANTE OF CONGO, was presented to the Minister of Higher Education and Academic THOMAS LUHAKA. It offers the following features:
 - the platform offers a video solution; Teachers can therefore teach in video mode;
 - the platform is accessible FREE with ONLY the Airtel network
 - the content is specific to each institution, each student has access to the content of his university, put online by the professors and accredited by the University.
