To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of company statement of continued support for the UN Global Compact, a description of practical actions concerning the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to Covid-19 pandemic spread and therefore we are unable to finalize our report by the deadline.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August, 3 at the latest.

Sincerely,

Nevzat Taşkın
General Manager
