

Frosinone, April 28th 2021

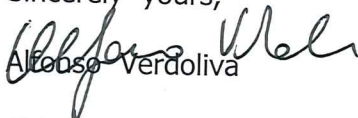

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the closing of our fiscal year 2021 on April 3rd and structural changes within the company. Unfortunately the pandemic situation, particularly significant on our territory, has further delayed many projects that would take at least a couple of months more to complete.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 18/08/2021 at the latest.

Sincerely yours,

Alfonso Verdoliva
