

London, Friday, May 07th 2021.

To our stakeholders at the United Nations Global Compact:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are a little behind in creating, sharing and posting our COP report due to the extraordinary and unusual circumstances that the COVID-19 has created, as well as the working upheaval and unprecedented conditions that we are facing, along with the rest of the world.

Therefore, we hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 12th of August 2021, at the latest.

Sincerely yours,
