Dear Mr. Secretary-General,

I am pleased to confirm that *Unimed Belo Horizonte Cooperativa de Trabalho Médico* continuously supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption.

We reaffirm that we are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our Cooperative, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Unimed Belo Horizonte Cooperativa de Trabalho Médico makes clear statement of this commitment to stakeholders and the public, through Annual Sustainability Report, accomplished according the da Global Reporting Initiative (GRI), available on our site: https://portal.unimedbh.com.br/wps/myportal/corp/unimedbh/transparencia/relatorio_sustentabilidade#!/#main-container

We remain committed to collective actions, proposed by *Alliance for Integrity*. We are also committed to *The Ethos Institute for Business and Social Responsibility*, an OSCIP (Civil Society Organization of Public Interest) whose mission is to mobilize, raise awareness and help companies manage their business in a socially responsible manner, making them partners in building a fair and equitable society.

We seek to contribute to a long-term vision to achieve a business environment based on integrity, consolidating actions already recognized by the *Ministry of Transparency as a Pro-Ethic Organization* (2017 e 2018/2019), strengthening procedures aimed at prevention, detection and remediation of acts of corruption and fraud. We demonstrate our commitment to Sustainable Development by adopting the

practice of relating ODS to the content of our 2019 and 2020 Management Report, attested by Global Reporting Initiative (GRI).

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP). Therefore, we commit to report on progress annually according to the Global Compact – COP - policy.

Sincerely yours,

Samuel Flam
