

May 10, 2021

To our stakeholders:

*We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.*

*We are sharing our Sustainability Report, which describes in detail our implementations and progress at every single issue regarding UNGC principles, as COP report. Since finalizing reporting phase in 2021 will not be earlier than end of July, we are late in creating, sharing and posting our COP report.*

*We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 5, 2021 at the latest.*

*Sincerely yours,*

Mehmet Zeki Kanadıkırık  
CEO
