To our stakeholders: UN Global Compact

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We have shared our RB Impact report with Sifiso Nkosi from your offices and we haven't had an answer if the content were sufficient and as a safety precaution we are requesting an extension request for the submission. As per our meeting earlier this week with Sifiso Nkosi, the understanding of more information was required.

We hereby ask for an extension period in order to be able to post a COP that describes' our Company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website within 90 days from COP deadline, at the latest.

Sincerely yours
