To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the exceptional circumstances related to the COVID-19 pandemic, as our focus has been on the health and safety of our employees and the communities where we operate. Notably, TC Transcontinental is contributing to the collective global immunization effort as a corporate COVID-19 vaccination hub in Quebec.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by July 31<sup>st</sup> at the latest.

Sincerely yours,
