**RENEWAL OF COMMITMENT TO THE UN GLOBAL
COMPACT INITIATIVE**

Baar, May 5, 2021

Dear Mr. Secretary-General,

I am pleased to confirm that Sika AG has been supporting the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption since more than a decade. With this communication, we renew our ongoing commitment to the initiative and to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore continue to commit to report on progress annually according to the UN Global Compact COP policy.

Sincerely yours,

Thomas Hasler
CEO
