Grace period letter for Seqens

We recognize that a key requirement for participation in the United Nations Global Compact (UNGC) is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN GC, a description of practical actions about the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. As a proof, we always have been publishing our information since 2011.

Due to some business and operational priorities within the critical Covid-19 period but also our willingness to communicate in a structured matter on Seqens activities progress, we would like to postpone the sharing and posting of our CoP report, to let the communication primacy to some of our stakeholder and to secure alignment of our company communication.

We hereby ask you for an extension period to finalize and post our COP that describes our company's progress in the application of the UN Global Compact 10 principles and its contribution to the 17 SDGs. Our new COP report will be posted on the UN Global Compact website before 2021, August the 22nd.

Sincerely yours,

Marc Labeille
CSR Director of Seqens
