To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the business pressures caused by coping with the Covid-19 pandemic and needing to ensure the operational aspects of the business could be maintained during this stressful period. We have focused on maintaining stability for our business and looking after our people and as a result, some of our reporting deadlines have been pushed out.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 8th June 2021 at the latest.

Sincerely yours,
