Communication on Progress – Grace Period

Dear Sir and Madam,

We fully acknowledge that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) comprising a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Due to a change of responsibilities of acting persons and the effects of the current corona crisis on our organization and the measures taken, we are experiencing a delay in the preparation of the report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by November 9th, 2021 at the latest.

Sincerely,

Gabriele Bödeker
