To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to the recent transition of our institution's main contact points and changes in the report preparation process implemented because of such transition. We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 22<sup>nd</sup> 2021 at the latest.

Sincerely yours,
