Dear Mr. Secretary-General,

I am pleased to confirm that Agility Public Warehousing Company and Subsidiaries supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our continued intent to implement those principles. We are committed to keeping the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Agility will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and hereby submit our COP covering the period January 2020 to December 2020.

Our COP includes:

- This letter from the chief executive of Agility, expressing our continued support for the UN Global Compact and our renewed commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results)

Sincerely yours,

Tarek Sultan
CEO & Vice Chairman
