Communication on Progress (COP) - PGS ASA

4-Jun-2021

Re: Statement of continued support

To our stakeholders,

I am pleased to confirm that PGS reaffirms its support to the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labor, Environment and Anti-Corruption.

In this annual COP we refer to our *ESG report 2020 (enclosed)*. We have aligned our CR reporting process with the annual financial reporting structure, which means that our ESG report is summarizing activities and key figures from the year 2020.

We also direct you to the *Responsibility/ESG* section (<https://www.pgs.com/responsibility/>) of the PGS website for a detailed description of how PGS defines ESG work and what topics are included under our ESG umbrella.

The *ESG report 2020* and the *Responsibility/ESG* web pages together form the 2020 COP report, as they supplement each other.

We commit to sharing this information with stakeholders through our primary communication channels and as part of our annual reporting.

Sincerely yours,
