## GRACE LETTER

14th June 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our aspirations to preparing and presenting our content in a clearly shown and graphical appropriate way. We are aiming for presenting the data from the reports graphically in order to achieve a more intuitive understanding of the contents for our stakeholders.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 13<sup>th</sup> October 2021 at the latest.

Sincerely yours,

Alien Wolter
