To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

An important part of our work with responsibility within the environment, people, management, and purpose is in our work with the UN Global Compact. In addition, we want to include our LCA and Block Chain in this year's COP report and as these will not be completed until the end of September, we kindly ask for an extension of the submission deadline for our COP report.

*We hereby ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by **2021/12/29**. at the latest.*

Sincerely yours,

Sidsel Lundtang Rasmussen
