## **OBJECT: GRACE LETTER**

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a Company reorganization phase that has involved our management in this first months of 2021. The project, called "New Wave", aims to introduce elements of a new organization more coherent to the development of the Group and to the expectations of our stakeholders.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 24th September 2021 at the latest.

Sincerely yours,

Mr. Mario Bettati  
MEVIS HSE Manager
