

## Grace Letter

### To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP), that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the approaching of the Bayram Feast, as we have intense charity work these days that ends in the last third of July. Besides, considering our diversity of programs and our extensive geographical coverage of both projects and beneficiaries in seven different scopes of intervention, hence, we need more time to compile and assess our activities that fully contribute to the adherence and support of the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 20 September 2021, at the latest.

Sincerely yours,

  
Mohamed Abdelrahman
