Grace Period Letter

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to :

- A high operational and office activity due to the sanitary crisis ;
- It's the first time we have to produce this document and we wish to prepare it with the best effort, unknowing the best way and practices to do it yet ;
- Only one person started to work on yet while we need more parts involved (whom had to care about a lot of operational urgences).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 2021/11/02 at the latest.

Sincerely yours,

Julie SOULAS
