

8th July 2021

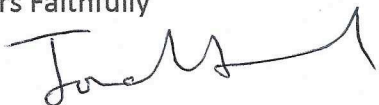

Dear Stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Each year, our COP has included our company's corporate social responsibility report (CSR Report). This year we have commissioned a substantial revision of our CSR Report that better reflects Teradata's extensive program. Whilst the content of our new CSR Report is substantially complete, it is currently being made ready for publication by our external creative agency and may not be ready by our 16th July deadline.

We hereby ask for an extension period in order to be able to post a COP that incorporates our new CSR Report, fully describing our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP will be posted on the UN Global Compact website by 30th September 2021 at the latest.

Yours Faithfully

Mr Jonathan Steel
Law Vice President
Chief Ethics, Compliance & Privacy Officer
Teradata Corporation
