To our stakeholders:

On behalf of SkyPower Global, we recognize that a critical requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions about the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We expect to be potentially late in creating, sharing, and posting our COP report due to the high volume of overlapping events, activities, and the impacts of the ongoing COVID-19 pandemic restrictions across all borders globally.

As a result of this, we ask for an extended period to post a COP that describes our company's efforts and progress to implement the UN Global Compact principles by October within 90 days from the COP deadline or sooner.

Sincerely yours,
