

ATHENA INFONOMICS

July 22, 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to unforeseen issues pertaining to the indicators used to measure outcomes. Athena Infonomics prides itself on its accuracy in reporting, and we therefore require additional time in order to ensure that our stakeholders have a full understanding of our actions and outcomes.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website within 90 days of the COP deadline, at the latest.

Sincerely yours,

Mr. Vijay Bhalaki
