Subject: Grace Letter

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to a complete re-organization of Impulse in an attempt to continue to do above and beyond to meet the criteria of the UN global compact regarding our environmental impact and further diversification of the team. As transparency is of utmost important to us, we would like to finalize this before we submit our COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 29th of October 2021, at the latest.

Yours faithfully,

Lefika C. Otisitswe
