To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in sharing our COP report due to recent rapid team expansion and growth, with more than one-third of our staff being newly hired from the past year. This resulted in resource constraints and delay in compiling documentation required to continue our adherence to the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by Friday, October 29, 2021 at the latest.

Sincerely yours,

Leah Taub  
Director of Partnerships, UN Agencies
