

# CAPITAL FOUR

10 August 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report as we are currently working with an external consultant in publishing our first Sustainability report which will address the sustainability of our corporate activities, our progress made during 2020 as well as our future commitments which support the UN Global Compact principles. The report is due to be published in October 2021 and we will share this as our COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 31<sup>st</sup> of October 2021 at the latest.

Sincerely yours,

Sandro Näf
