

TRAYTON GROUP

Founded by Danish entrepreneur Mr. Simon Lichtenberg in 1995, Trayton Group is a multinational company and one of the largest furniture manufactures and retailers in China.

Our main business is design, branding, manufacturing and distribution of upholstery furniture, retailing of furniture and lifestyle products and trading businesses and service. With 20 years development, the Group has grown to a multinational furnishing company. Registered at Hong Kong, the Group is globally headquartered in Hong Kong and Shanghai, and set up offices and owns subsidiaries in the U.S., Hong Kong and China mainland. The Group produces upholstery products in China and distributes products all over the world. Being one of the largest furniture manufacturers in China, the Group has 3 factories in Shanghai and Zhejiang with 93,000 m² production space and 2000 employees.

In 2004 the brand "Simon Li" was born, the name itself came from the shortened form of Simon Lichtenberg, Trayton Group CEO. The company had been producing upholstery furniture since 1997 for other brands - the business was growing, it was time to create our own brand. In 2016 Simon Li was started in China with establishment of online stores. In September of 2018, the first retail store of Simon LI Brand in China was opened.

Trayton also acts as the exclusive agent of Kvadrat. The business of Kvadrat started in Chinese market in the spring of 2010, the product — fashion design- oriented textiles has been introduced into China's architectural and interior design industry.

CEO's MESSAGE

We believe that our success is partly due to the way in which we integrated social responsibility and respecting for human rights into our business. Besides unwavering business efforts to develop, produce and promote quality products for a better way of living, we always show our commitment to create best living environment for all people through helping the disadvantaged community, protecting the environment and fostering the youth generation. To ensure safe working conditions for the employees with respect and dignity, the Group conducts regular internal audits to ensure all standards to be executed properly. Continuous attention on improving labor's working conditions has won globally recognized reputation and respect for the Group from its customers.

Trayton Group believes that people make the ultimate difference in success of business. People's development is the focus of the Group's human resource management approaches. We encourage an open, healthy, vigilant and creative corporate culture. Trayton introduced RICE –Responsibility, Innovation, Engagement, and Care as our corporate values. These have been embraced well by all of our employees and will have a lot of positive influence on our actions and performance in the years to come. In addition, multiple communication channels have been set up for more transparent and accurate information revealing and efficient communication between front-line employees and supervisors as well as the top management, such as Open Day, Workshop Communication Committee, and Employee Representative Committee etc.

We have committed ourselves to observe all principles of the United Nation's Global Compact. We will continue to incorporate the basic principles and elements of sustainable development into our strategies, business flow and corporate culture. We will work hard and join hands with our stakeholders to promote sustainable development and advance ourselves to be responsible corporate citizenship.

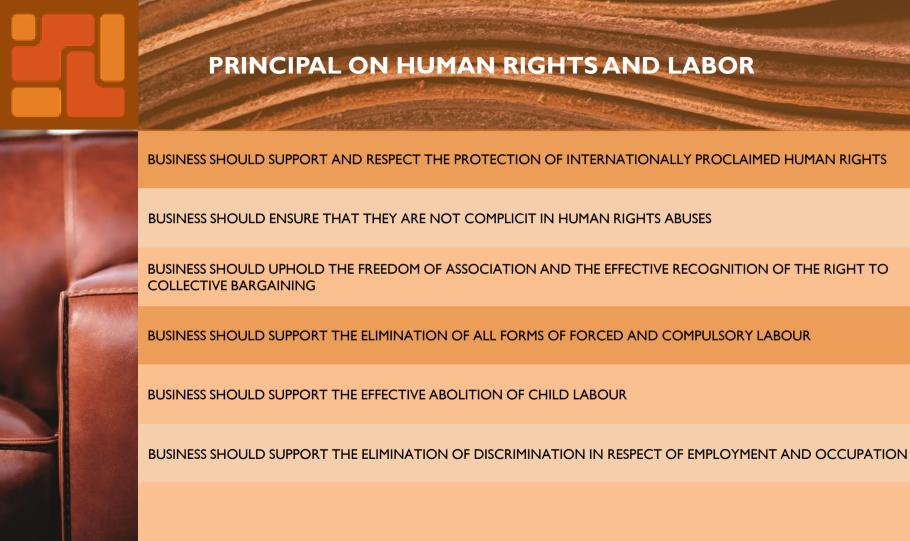

Simon Lichtenberg

CEO Trayton Group

HUMAN RIGHTS & LABOR

Trayton considers that respect for human rights is the basis for sustainable development. This is why we have defined our value system. Our values clearly reflect our position on human rights. Ensuring safe working conditions and products with no

health risks to employees and customers is

another aspect to embody our commitment

to human rights.

We consider the first and foremost thing in Trayton is people. We believe that putting our Values into practice creates long-term benefits for shareholders, customers, employees, suppliers, and the communities we serve – and ourselves!

To keep the sustainable development of Trayton, we have Trayton Group's core values as **Responsibility Innovation**, **Engagement**, **and Care**. We practice our values well in our daily work under the guidelines of each value.

We provide our staffs with abundant activities and chances to enjoy and explore the goods in life.

BUSINESS SHOULD SUPPORT AND RESPECT THE PROTECTION OF INTERNATIONALLY PROCLAIMED HUMAN RIGHTS

In order to apply these values into our day-to day business, we carried out a series of **programs** as well.

To support working couple family, Trayton Children Summer Camp has been conducted continuously since 2018 within the group. More than 100 employee families were benefited from the project. We committed to create a harmonious environment of balancing life and work.

Various **Fun-Clubs** were operated continuously to support both physical and mental health. Badminton, mountaineering, self-driving tour, basketball, swimming and Yoga... All employee can find their own interests inside the group.

Annual heath check is applied to all employees to ensure their heath status.

FUN

TEAM

KNOWLEDGE AND SKILL

BUSINESS SHOULD UPHOLD THE FREEDOM OF ASSOCIATION AND THE EFFECTIVE RECOGNITION OF THE RIGHT TO COLLECTIVE BARGAINING

Since the trade union set-up in the group entities, various activities regarding employee cares were conducted to ensure their better working environment and happier working life.

TRAYTON GROUP

BUSINESS SHOULD SUPPORT THE ELIMINATION OF ALL FORMS OF FORCED AND COMPULSORY LABOUR

Trayton Group follows Chinese Labor Law strictly and all the employees have offered their work voluntarily.

ELIMINATION OF DISCRIMINATION IN RESPECT OF EMPLOYMENT AND OCCUPATION

We provide equal career development opportunity for each employee.

BUSINESS SHOULD SUPPORT THE EFFECTIVE ABOLITION OF CHILD LABOUR

Trayton Group clearly forbids hiring child labor or teenager workers. Trayton Group evaluates the high risk of using child labor, and formulates the measure of elimination child labor according to the related laws and regulations.

SUPPORT A PRECAUTIONARY APPROACH TO ENVIRONMENTAL CHALLENGES

Trayton holds a successful history of environmental protection. But we don't want to stop here - we want to continue to work to protect people and the environment.

Trayton Group ensures compliance with applicable laws and classification regulations relating to purchasing, storage, handling, use and transportation of chemicals. We have a valid permit for chemicals that are legally restricted or controlled.

Trayton Group ensures compliance with applicable laws & regulations relating to handling, storage, transportation, recycling and disposing of hazardous and non-hazardous waste.

In order to strengthen the consciousness of against mouse and insect pest, and protect environment as well, Trayton Group has formulated the control system against mouse and insect pest.

BUSINESS SHOULD UNDERTAKE INITIATIVES TO PROMOTE GREATER ENVIRONMENTAL RESPONSIBILITY

With the economic development, people are growing awareness of protecting the natural environment. In Trayton Group, we always pursue the concept of sustainable development, conserving resource, reducing energy consumption and mitigating business operation impacts on environment.

Trayton completed transformation of the road lights in Shanghai Plant to solar light, and have installed 750 kWp of solar panels on the roof of our Jiashan factory. Today this installation covers about 35% of our entire power consumption at our main factory.

ENCOURAGE THE DEVELOPMENT AND DIFFUSION OF ENVIRONMENTALLY FRIENDLY TECHNOLOGIES

We evaluate the risks, develop safety, health and environmental protection concepts and check that they are implemented correctly.

We check strictly for raw materials, and request the contents of formaldehyde in Wood-based Panel should be higher than the national standard, and we use European EI standard. The productions that are sold to North America should be above CARB P2level. The glues we use are environmental protection glues, and the contents of formaldehyde, toluene and methanol accord with standard.

We strictly ensure the overall formaldehyde emissions of our products, so that decrease the environmental pollution.

BUSINESS SHOULD WORK AGAINST CORRUPTION IN ALL ITS FORMS, INCLUDING EXTORTION AND BRIBERY

We comply with the laws and respect the good anti-corruption practices of the countries in which we operate. We work against corruption in all its forms, including extortion and bribery.

Trayton Group and the subordinate subsidiary companies implement the method of punishing and preventing corruption, and prevent the corruption through effective risk prevention and control system.

Trayton Group's anti-corruption management Focuses on the requirements of the Global Compact, Deepening company culture and the work of the anti-corruption campaign, Continuing to promote the construction of anti-corruption. We strengthen internal oversight, Getting into promoting the building of corporate integrity, and preventing and controlling the possible risks of corruption.

While we design and carry out the anti-corruption program, we learn from the international advanced anti-corruption methods.

Trayton Group encourages fair competition, and do not adopt the business strategy of dumping and monopoly. Our business strategy is: lowest total cost, key account focus, production and service sophistication. Trayton Group follows the country laws and regulations, respects requirements from customers, and wins the customer trusts and social praise. Trayton Group observes the regulations related with anti-monopoly, protecting fair competition in the market, improving efficient economic development, maintaining customers' benefits and social benefits, so that we contribute to economic development.

TRAYTON CARES FOR THE SOCIETY AND CHILDREN

Trayton Group has been trying its best not only taking care of its employees but also contributing to social development.

We are the co-founder of REED----Rural Early Education Development Fund, which now helps around **8800 children** in south-western China. We have established **119 classes** in **67 villages** with education materials, teachers and all things that help the children there get better education and teach them to improve living habit. And we organize our staffs to visit children there every year to better understand the importance on helping others.

More and more our partners are attracted to be involved into the REED project. With continuous support from the local government and donors, we're confident to create more chances for Butuo children to see a wider world.
